

## **BYLAW REVISIONS FOR COUNCIL REVIEW**

Included in this document are all the changes discussed and suggested by the Congregation Council and the revisions required from the "September 6, 2011 Amendments to the Model Constitution for Congregations" which are revisions that came from the ELCA.

All changes and/or additions are in orange. Anything in orange is intended to stay. All items to be deleted or replaced are in green. After this new document is accepted all the items in green will be removed entirely. In some cases, like C6.05, you will see a total deletion of the old in green and the new wording in orange following. Both items were left in place so you can see what is being removed and what is being added.

Please note that most changes that came from the ELCA have an asterisk\* in front of them meaning they are mandatory. There are also some recommended changes to non-mandated items (no asterisk).
